A Rich Country.
A Good English Bite.
A Clergymen's Strike.
A Pig Refrigerator.

By Arthur Brisbane

Nitti, prime minister of Italy, urges his people to produce more, and the Italians courageously are going at the task of reconstruction following most ungrateful treatment by the allies, whose defeat Italy prevented.

It is difficult for this country to understand conditions of poverty in Europe. Even England, only a few years ago the financial center of the world, seems poor by comparison with the United States.

In all great Britain there are only 148 individuals with an annual income of \$486,686 and over. Think of that for poverty—fewer than 150 Englishmen with an annual income of half a million or more!

You can find 450 men with an income of a million a year lunching at the Bankers' club in New York any day.

We are very rich in this country, but so was England not so long ago, and France. We need the advice about producing wealth and getting to work in earnest as much as Italy needs it.

On the battlefield, with cannons roaring, a cavalry horse will hastily nibble a bite of grass.

England seems to have learned something from the cavalry horse. She has just taken a nice bite in the gobbling up of Persia. The London Saturday Review says: "We seem to have obtained a tolerably complete protectorate over Persia for the loan of two million pounds."

It certainly was a cheap price. Old Persia goes into the British baggage wagon with Egypt and other spurs. And the United States is considering an arrangement that would make it necessary for this country to send over men and spend money to handle the situation, if anyone tried to interfere with England in Persia.

Of all the victims of high prices, preachers are undoubtedly most poorly paid, most patient. One worm has turned. The Reverend J. R. Stratton, Baptist, says: "Only a lingering sense of duty, altruism and service prevents the preachers of America from forming a union, calling a strike and telling the country to go to hell."

The preachers have reason to strike. But a clergymen's strike, it must be confessed, with shame, would probably disturb the community less than any other. Who would have thought, when actors were despised, not allowed burial in holy ground, that day would come when a strike of actors would seem more important than a strike of clergymen? Even the grave-diggers' strike seems more serious than the preachers' strike. A man can pray for himself, but cannot dig his own grave, when he needs it.

There was a time when people were deeply religious, when a strike of the clergy would have filled the world with terror and an expectation of the world's end. Consider the effect of excommunication in ancient days, when the King of England communicated with all the strength of the church behind the boycott, could find no one to wait upon him or feed him. Or the case of the German Emperor trembling under excommunication, standing barefoot in the snow, asking forgiveness.

The world interests itself in that which is expensive or profitable. When negroes were slaves, millions of white men were interested in colored babies; their fathers and mothers, their health, their housing and feeding. They were worth a thousand dollar apiece when healthy and full grown.

Nobody pays much attention to colored babies now, they have no market quotation. But science and government combined have decided that something must be done for the pigs of the nation, old and young. In the department of agriculture, a genius has invented a "refrigerator for hogs" that appeals to the kind heart and the fat pocket.

You know the misery of a fat man in hot weather. Imagine the misery of a very fat pig, for the pig cannot perspire, all the heat stays in, there is no coolness caused by evaporation of perspiration at the surface.

That is why pigs hunt holes filled with disease breeding mud, developing cholera that kills off entire herds.

It did not make much difference when pork sold for seven cents a pound. It makes a difference now. With bacon selling as high as seventy-five cents, each pig farmer is advised to build his refrigerator for the summer, a light frame covered with Canton flannel, burlap or duck. On top there is a pan of water with

OHIO ATTORNEY-GENERAL DIRECTS
ATTACK UPON ILLEGAL STORAGEBREAKERS OF
LIQUOR LAWS
ARE WARNED

Attorney General Palmer Announces War Time Prohibition to Be Pushed.

Treasury and Department of Justice to Unite in General Crusade.

WASHINGTON, Aug. 28.—Liquor dealers who have been violating the war time prohibition law secure in the belief that they were safe because department of justice agents were too busy in the high cost of living investigation to give attention to them, are due for a rude awakening, according to Attorney General Palmer. Recent arrests in New York and other cities, Mr. Palmer said, were only the forerunner of what is to come and those who believe prohibition laws can be evaded will soon be shown differently.

"Some cities opened wide when it was thought that we were so busy reducing prices that we couldn't see anything else," Mr. Palmer said. "We will change that. The citizens out where the fields are green are obeying the law because it is the law, while in the cities, apparently, there is no attitude that prohibition can be evaded. We will show them differently."

Mr. Palmer expressed the opinion that the chief offenders against the prohibition law would be found to be the former saloonkeepers, who have maintained their organization intact in the hope of the removal of the "wartime" ban before constitutional prohibition would make the country dry permanently.

Enforcement of the "war" prohibition is being conducted entirely by the bureau of investigation of the department of justice. Constitutional prohibition, however, will be enforced by a staff of men in the department of justice and the treasury bureau of internal revenue, entirely separate from the work of those government agents.

Complete separation of prohibition work from all other activities is planned. In the department of justice a new bureau will be formed and special men recruited who have had experience in the enforcement of liquor laws.

Commissioner of Internal Revenue Daniel C. Roper plans to appoint a new deputy commissioner of internal revenue, who will have charge of prohibition work. Under him will be special deputy collectors in each internal revenue district and a carefully chosen field force.

Enforcement legislation now pending in congress would make the department of justice and the bureau of internal revenue jointly responsible for prohibition enforcement, with an appropriation of several million dollars to be divided between them.

ARRESTED FOR MURDER

TOLEDO, O., Aug. 28.—Charged with the murder of a grocer at LaPorte, Indiana, last Christmas evening, Walter C. Baker was returned to that city today. He was said to be one of three men who entered the grocery store of Carl Cook, with robbery as the motive and shot and killed the proprietor. Police here say Baker is also wanted for an alleged attempted bank robbery at Rockport, Illinois. Baker's bride of a few months accompanied him to LaPorte.

wicks leading from it. Capillary attraction takes the water out of the pan, down the wicks to wet the outside of the refrigerator. Evaporation causes the temperature to fall. And there is a cool, comfortable place in which the pig, growing fat without discomfort, can spend the summer, better than any mud hole.

If that invention should work out well, it might be more important to the public than some legislation now going on in congress.

ANOTHER DROP IN
LIVE HOGS WEAKENS
PRICES OF GRAINS

(ASSOCIATED PRESS DISPATCH)

CHICAGO, Aug. 28.—Another drop in live hog prices at the union stock yards where the animals fell off \$1 to \$1.25 a hundred weight to date contributed to a weakened grain market, corn sagging an extreme of 2½¢ a bushel and oats ½¢. Dressed pork tumbled, the September delivery opening at \$40.50, an even \$2 lower than the last sale yesterday. Lard and ribs also declined on the board. In explanation lowered prices traders said that the agitation against the high cost of living was bearing fruit and that an outlet for large stocks or provisions was wanting. It was declared that eastern storage houses were crowded and that unless a further drop came there would be no outlet for the meat products.

BADGES FOR SOLDIERS.

WASHINGTON, Aug. 28.—Campaign badges will be issued to officers and enlisted men, of the organized militia who have had the requisite service, the war department announced today. The badges will be sold through army depots at cost on presentation of certificates proving service.

TOKIO, Aug. 28.—Two thousand

members of a Sunday School convention coming to Japan next year! That is a prospect that engages the imagination and compels thought. Japan hears of the plan and smiles and bows—Japan always smiles and bows—and asks politely, one Japanese to his neighbor:

1. Are they coming to spread the gospel of Christianity?

2. Are they coming to make Japan and America more friendly?

3. Are they coming to learn our excellencies or to teach us theirs?

4. How in the Dickens are we going to make it pleasant for them?

Japan now ranks as one of the five great powers of the earth and regards herself as the advance agent of civilization in the East.

Why Pick On Us? Japan Asks

It is not improbable that Japan is more than a teeny little bit puzzled over the question as to why the Hon. Convention decided to come to Japan instead of going to England, France, Timbuctoo, or, say, New Jersey. Some parts of New Jersey can ex-

CONCEDE RIGHTS
TO OIL CONCERNS

Nationalizing of Lands is Amended to Eliminate Retroactive Feature.

Carranza Seems to Be Losing Control of His Congress and Courts.

(ASSOCIATED PRESS DISPATCH)

MEXICO CITY, Aug. 28.—The petroleum committee of the Mexican senate today presented a report on legislation ruling article 27 of the constitution of 1917, which nationalizes oil lands and at the same time laid before the senate a draft of a law regulating this article and eliminating all retroactive effects of proposed oil legislation. This is a concession for which foreign oil interests have been contending. The proposals submitted by President Carranza last November looking to the regulation of article 27 are now being considered by the chamber of deputies without decisive action as yet.

WASHINGTON, Aug. 28.—Advices reaching Washington through official channels indicate that the recent activities of Luis Cabrera, secretary of the treasury of Mexico and Schiaffino, head of the petroleum bureau of the department of industry, commerce and labor have been for the purpose of bringing back into line the Mexican congress and members of the supreme court, who, it is indicated, are somewhat out of step with the Carranza regime.

Cabrera urged the supreme court not to hasten the hearing of the Amparo cases brought before the court by the American oil companies. The cases are aimed directly at the presidential decrees which led the United States, British, Dutch and French governments to file vigorous protests because they were regarded as an effort at confiscation of foreign owned properties.

It now is apparent, according to advices from Mexico City, that there is a definite effort in congress to withdraw from Carranza the extraordinary powers in finance under which he issued the "spoliation" decrees. It is pointed out by anti-Carranza leaders in congress that the withdrawal of this power from the president would prevent a reversion of legislation by these executive decrees and would ease the international situation.

WILSON TO SPEAK
AT COLUMBUS ON
THURSDAY SEPT. 4

(ASSOCIATED PRESS DISPATCH)

WASHINGTON, August 28.

President Wilson will leave Washington next Wednesday on his speech-making tour in the interest of the peace treaty and will deliver his first address in Columbus, O., next Thursday, probably in the evening.

Among other places at which the president will speak will be Denver and Cedar Rapids, Iowa.

Cincinnati is not included in the itinerary, but Secretary Tammity announced the president would speak at Indianapolis.

Accompanying the president will be Mrs. Wilson, Admiral Cary T. Grayson, Secretary Tammity and a corps of secretaries and stenographers.

In California, the home state of Senator Johnson, one of the leading republican opponents of the peace treaty, the president will make three speeches, at Los Angeles, San Francisco and San Diego. He will only address in Oregon will be Portland while he also will speak at Spokane, Wash., and possibly Seattle.

CANTON DINNER IS
BATTLING FOR LIFE

(ASSOCIATED PRESS DISPATCH)

ALLIANCE, O., Aug. 28.—Mrs. Willis F. Sanford, the most seriously sick of those who survived the dinner at Lakeside Country Club the other night, was battling hard for life this morning, with her chances exceedingly grave. Her physicians said she had undergone no change during the night.

It became known early today that the vital organs of the negro waiter and the dead chief of the country club had not yet reached Dr. John G. Spencer of Western Reserve Medical School, Cleveland, but would be taken to him today by Coroner McQuade who, it is understood will personally deliver them to the chemist.

Mrs. Helen Sebring Gahrts, dead hostess of the ill fated dinner was to be buried this afternoon from her home.

CHICAGO, Aug. 28.—More than 20 persons in a downtown lunchroom were poisoned last night after drinking coffee and it was said several of the afflicted were in a serious condition. Samples of the coffee have been turned over to the health department for analysis.

MISSIONARY WINS.

SEOUL, Korea, Aug. 28.—The appeal of Rev. Eli Mowry, of Mansfield, Ohio, a Presbyterian missionary who was convicted last April of sheltering Korean agitators during the revolt in this country has been granted by the supreme court. The court quashed the original judgment in the case and remanded the missionary for a new trial before the court of appeals.

CROWD AT STATE FAIR.

COLUMBUS, Aug. 28.—More than 100,000 persons are expected by state fair officials to attend the fair today. The previous high mark attendance was 79,000, Thursday, 1912. Yesterday's attendance was estimated at more than 75,000.

All roads leading to the fair grounds were jammed with traffic early today. Today's crowd, as well as Wednesday's seemed a farmers crowd from beginning to end.

Prosecutor at Toledo Asks Receiver for 351,000 Pounds of Stored Pork.

Cleveland Official Also Brings Suit to Seize and Sell Meats at Once.

(ASSOCIATED PRESS DISPATCH)

COLUMBUS, Aug. 28.—While attorneys for the Columbus Packing Company and the Fairmont Creamery Company were preparing today to appeal to the supreme court of the United States, Attorney General Price and county prosecutors throughout the state was taking as final the decision of the Ohio supreme court yesterday in the Franklin county pork seizure case and within the next 24 hours action similar to that taken by prosecutor Schlesinger of Franklin county may be started in several counties, it was said.

Attorney General Price has notified all county prosecutors in Ohio of the decision of the supreme court in the Franklin county case. He advised prompt action if facts in their counties justify action.

The supreme court in handing down its decision urged that the 75 tons of pork in question in the Franklin county case "be speedily placed in the channels of commerce." The court held that the owners of the meat were barred by law from selling it but that the state was not, and that after the meat was inspected, it be sold by the receiver and the proceeds from the sale brought into court for its further order.

Chief Justice Nichols allowed attorneys for the Packing Company seven days in which to perfect an appeal to the United States supreme court.

SEIZE PORK AT TOLEDO

TOLEDO, Aug. 28.—A receiver to sell 351,000 pounds of pork stored here by Swift and Company, was asked today by Prosecutor Seney, who is conducting the grand jury investigation of the high cost of living. Late yesterday, Judge Ritchie granted a restraining order forbidding the Northern Refrigerating Company from turning the pork over to Swift and Company and also ordering the latter not to remove the meat.

The prosecutor took measures to seize the pork immediately following the decision of the Ohio supreme court that cold storage seizures and sales are legal.

CLEVELAND, O., Aug. 28.—Suit to seize and sell at market all meats alleged held in the Sheriff street storage and market house longer than the legal period was filed in common pleas court today by county Prosecutor Samuel Doerfler.

PROGRESS IS CLAIMED

WASHINGTON, Aug. 28.—Belief of definite progress in the government's campaign against the high cost of living is expressed by Attorney General Palmer in announcing that the department of justice is meeting with success in obtaining from shoe manufacturers promises as to fixing a minimum price on shoes.

With reports to the department indicating that a slight downward trend in prices has already set in, although it is not yet sufficient to be reflected in spot purchases on the retail market, Mr. Palmer declared that given a fair chance efforts of the government to squeeze the inflation out of prices soon will show substantial results. Expressing satisfaction with the success so far attained the attorney general said he believed cumulative results will follow enactment by congress of amendments to the food control law providing criminal penalties for profiteers and hoarders.

habit mosquitos almost as well as the Japanese bathe themselves first and then get into the bath. They will also learn that whatever may be said of the far east brethren, they are clean.

Food will be cooked differently. There will be seeming peculiarities in sanitary facilities.

Natives Will Do Their Best

But the Japanese will be hospitable and will do their best to be patient when the American forget to remove their shoes at the threshold. Once upon a time a well meaning lady departed from San Francisco for Yokohama and she felt sorry for the far east before she started. She brought a yard stick along with which, she sadly promised herself, she would measure the deficiencies and deficiencies of the orientals, and then she should know exactly how grateful she should be to a kindly providence for making her an accidental.

She yard-sticked Japan but forgot to yard-stick any of the distinctive excellencies of the little island empire. And the discerning Japanese

observed this and the little lady went back home without having achieved any benefit for anybody whatsoever.

May We Not Tell the World?

To paraphrase an old Sunday school lesson, "Measure not, that ye be not measured."

The convention will have a glorious opportunity to demonstrate to the Japanese hosts and hostesses that they are not arrogant, as Japanese newspapers say Americans are; that Americans are not unwilling to bend to the customs of another land, as Japanese travelers in the United States contend they do; that Americans are willing to look at both sides of all questions and concede the other fellow's point of view when he is right.

Two thousand Americans is not a large number of Americans, but when it arrives in Japan in a bunch it is going to be a fairly sizable sample. And international business is done largely on a sample basis.

So, Sunday schoolers, you are going to have a great trip and a great responsibility.

LIMA BOYS TO GO TO FIRST REUNION OF 83D DIVISION

Event Will Be Held at Columbus Labor Day—Some Features

Hundreds of Lima young men who have returned from military service and who are affiliated with the famous 83d division which trained at Camp Sherman will attend their coming reunion to be held Monday, September 1, Labor Day, at Columbus. One of the impressive ceremonies of the day will be the turning over of the colors of the division to the adjutant general of the state. The presentation of colors will take place at 2 o'clock on that day on the west side of the capitol steps.

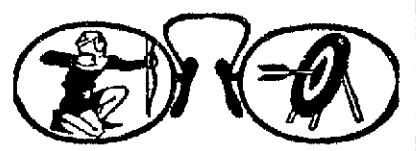

After the colors have been assembled on the center of the steps, Major General Edwin F. Glenn will present the colors to the adjutant general of Ohio. The colors bearers of the 83d division will turn over their colors to the veterans of the Civil War, who will escort them to their final resting place in the capitol building.

The regimental bands of the 40th Infantry, Camp Sherman, Columbus Barracks and the Drum Corps and Trumpet Corps of the Old Guard will furnish music during the ceremony.

The following is the program planned:

Judge Ben B. Lindsey Analyzes the Child's Point of View

Judge Ben B. Lindsey of the Denver juvenile court, the most famous juvenile judge in the United States, delighted a large and appreciative audience at the Victory chautauqua last night. The subject of his address was "Why Kids Lie." Some of the causes for lies among children were given by Judge Lindsey as misdirected loyalty for a pal, imagination, fear. Judge Lindsey, deploring the action of many parents who threaten their children with dire punishment if they are caught telling lies.

The Ohpneum Four who gave a musical concert in the afternoon, were on last night's program and rendered a number of splendid numbers, both of classical and popular.

The closing session of the seven days chautauqua is being held this afternoon and evening. A pageant was given by the junior chautauquians this morning, and this afternoon they gave a delightful patriotic pageant "Democracy's Triumphant." The Fisk Jubilee Singers, a splendid singing quartette direct from Fisk University in the South were on this afternoon's program and will appear again this evening. They are considered the greatest interpreters of the jubilee songs of the south.

GEN. BOTHA, BOER LEADER, DIES AT S. AFRICAN HOME

PRETORIA, UNION OF SOUTH AFRICA, Aug. 28.—General Louis Botha, premier and minister of agriculture of the Union of South Africa died suddenly early this morning following an attack of influenza.

Louis Botha was born in Graytown Natal, in 1863 and was a member of the first Volksraad, of Transvaal in which he represented the district of Vryheid. At the beginning of the Boer war in 1899, he was Veldt Cornet for that district. Joining the Boer forces in northern Natal he soon rose to high commands. He was in charge of the Boer forces at the battle of Colenso and Spionkop, and following the death of General P. J. Joubert, he was made commander in chief of the Transvaal Boers. After the fall of Pretoria he reorganized the Boers with a view to prolonged guerilla warfare, his forces offering steady assistance to the British up till late in 1901.

Following the peace negotiations between the Boers and the British, General Botha took a leading role in the period of reconstruction. After the grant of self government to the Transvaal in 1907, General Botha was called upon to form a government. From this position he resigned in December 1912 owing to dissection in the cabinet, but was immediately asked to form a new government.

At the outbreak of the great war in 1914 General Botha took command of the union forces in south west Africa, achieving a complete success and compelling the German troops in that region to surrender. With General Jan Christian Smuts, General Botha signed the peace treaty with Germany on behalf of the Union of South Africa June 28 last.

PACIFIC STRIKERS ORDERED BACK TO WORK BY UNIONS

CLEVELAND, August 28.—Unions members of the four railroad brotherhoods now on strike on the Pacific coast return to work by Saturday morning the brotherhoods will support the federal administration in its efforts to operate the federal controlled railroads, it was announced here today.

SAN FRANCISCO, Calif., August 28.—Hopes for early improvement in the strike situation which virtually

has paralyzed transportation in Southern and Central California were expressed today.

All the strikers had before them orders from their international officers to return to work, as well as a statement from Walker D. Hines, director-general of railroads that this order was final and that the government "was taking steps" to operate the roads if the strikers did not return to their posts.

At Oakland and Sacramento where brief strikes of yard employees had paralyzed traffic the men had returned to work and conditions were assuming something of a normal aspect.

THE SITUATION:—

Clothing prices will be a little higher at the Leader Store of course. Its a natural result of the scarcity of woolen goods, the greatly increased cost of labor and the decreased production due to reduced working hours which makes clothing of all sorts scarce. This very scarcity has been used in some quarters to hurry the public in buying far in advance of the usual time, almost at any price. The plea was used that prices would be prohibitive later on. We speak of course for ourselves when we say that Leader Store 'Val-U-More' clothes will average a little higher than last fall. This is because we contracted for many of our suits before many big advances went into effect. In addition the selection will be as large and even larger than last year.

MORE PROPAGANDA
THE MANSFIELD NEWS carries this illuminating item of insidious Republican publicity propaganda, which is similar to other instances of gross misrepresentation that the leaders are sending broadcast to deceive the people. The News editorial follows:
"The first bill vetoed by President Wilson after his return was an appropriation bill passed by the Republican party in the attempt to cut down the expenditures that are running away with the country. The only way to economize is to economize. It may be that Republican attempts to economize may pass on some special interest that agriculture, labor, business, the soldiers or education, has in securing government funds. There can be no economy, no reduction of taxes, no paying off of debt if every interest insists that it must regardless have its unlimited appropriations. Nevertheless the great masses desire economy and it is the country of the masses. If the president insists on vetoing measures designed to save it cannot be helped. He only digs wider and deeper the eternal grave of the Democratic party."
Now the reason President Wilson vetoed this bill is because the appropriation for rehabilitation of wounded soldiers was so small that the work could not go on. The reduction, made by the Republicans, was heralded as economy. Would it be economy to fail to train these soldiers toward means of livelihood and then to provide many millions of dollars in caring for them as public charges for the remaining years of their lives?

Who is there who has not heard of the Republican oratory demanding a square deal for soldiers? Everyone will agree that the boys who fought for America should be treated fairly. Those who gave up arms, limbs, eyes, and those maimed and crippled for life are surely deserving of country's help and sympathy. Economy of the kind lauded by the Mansfield News and other Republican organs in Ohio is not economy. Such is unworthy of America and American traditions. But it is the kind of four flushing economy that is being practiced at Washington in the hope of fooling the people at this critical time.
The nation will do well to carefully digest the claims of governmental savings made by Republican leaders.

WAR AND MARRIAGE
THE LONDON TIMES reports that the number of marriages since the war has greatly increased. They began increasing as soon as the war started, and now that the war is ended an added impetus has been given, and the country has never before witnessed anything like it.
But the paper says it is not unusual; it states that war always begets marriages. It has been the case in England, at least, for a hundred years. It was noticeable during and after the Beer war, and it is now more conspicuous than ever because of the great number of persons involved in this war.
Maybe it is because trouble engenders friendly feeling the one for another—or something along that line. It is certain that there is more of comradeship during trouble than at other times; that one seeks companionship more readily when everything is not going well with him. The troubled condition that comes upon a nation at war naturally causes men and women to think more of each other; they have greater regard for each other; they appreciate one another more than otherwise would be the case. The heart of woman beats more quickly for the hero, and the hero feels the desire for a gentle companion more and more as he encounters the hardships of war and understands the loneliness of organizations. These men out in the field with their fellows—these soldiers surrounded by tens of thousands of other men in uniform—become more lonely than they would out in the forests by themselves. There is a loneliness in numbers just as there is a loneliness of solitude. And it is likely that this loneliness in numbers prompts many a soldier to seek the permanent companionship of a mate when he returns from the front.

ROBBING THE ROBBERS
THERE IS A divided opinion in this country as to the propriety upon the part of the officer sent to pay the ransom to the Mexican outlaws in withholding part of the money. He only robbed a robber, at most, and there are many who are applauding him; but there are others who hold that the full amount of money should have been paid, and then chances taken to recover it.
Certainly the officer, a Kentuckian, who him-flammed the outlaws did not have the same ethical standard as another Kentuckian who, with a friend, visited a New York restaurant some years ago. When the bill was presented, it seemed so outrageous his friend drew a gun and started to shoot. "The Kentuckian grabbed his arm and said, 'Hold on, remember you are a gentleman; pay the bill, and then kill the son-of-a-gun.'"

DEMOCRATIC FORESIGHT
THE SMITH cold storage law, passed by a Democratic legislature and made law by signature of Governor Cox, is very useful at this time in the gigantic battle against the high cost of living in Ohio.
This law, forbids, with heavy penalties, the keeping of unsecured meats in storage for a period of more than six months. The prohibitive period on butter is nine months, and eggs and poultry ten months. It prevents the owners of these foodstuffs, stored more than the legal period, from disposing of them.
It is fortunate that a Democratic legislature and a Democratic governor were farsighted enough to realize the need of regulatory measures for cold storage plants, else food hoarders in Ohio would be harder to convict.

The Times' Family Doctor
HOW TO GIVE REAL FIRST AID TO ONE APPARENTLY DROWNED
By **DR. LEONARD KEENE HIRSHBERG**
A. B., M. A., M. D. (John Hopkins University)

Every year during the bathing season the rivers, lakes and surf of the country claim scores of lives, needlessly sacrificed as a result of a lack of knowledge of "first aid to the drowning."
To resuscitate an apparently drowned person all you need to know is how promptly to induce artificial respiration.
Respiration in a normal person is carried on chiefly by the contraction of the diaphragm, assisted by the movements of the chest walls. In affecting artificial respiration to resuscitate victims of drowning, gas, strangulation or suffocation, the entrance and exit of the air is produced by alternately forcing the chest walls nearer together by pressure on the chest or back and then releasing them so that they may spring back to their original shape.
Way to Begin.
Before starting artificial respiration, always remove the cause of suffocation. This may be water in the lungs, an obstruction in or around the throat or contact with an electric current. In the case of persons overcome by gas remove the victims to the fresh air.
The collar is removed and shirt band loosened. The patient is laid on the ground, face downward. The arms may be raised about the head, one arm flexed so that the forearm rests upon it. The face must be turned slightly to one side so that the nose and mouth will not be closed by pressure against the ground.
The rescuer stands or kneels astride of the patient and places his hands close together, one on each side of the backbones at about the level of the short ribs—that is, about the middle of the body.
The rescuer now leans forward and throws his weight on his hands, which are against the victim's back, thus pressing the lower part of the chest against the ground and also to a certain extent forcing the stomach contents up against the diaphragm. The effect of this double procedure is decidedly to diminish the capacity of the chest and air is forced out. The pressure is applied firmly but gently and then removed by the rescuer bending his body backward and taking the weight off his hands.
The removal of pressure causes the chest to expand and the organs of the abdomen to recede by their own elasticity. This expansion of the chest cavity draws air into the lungs through the windpipe. The rescuer pauses for about three seconds to allow the fresh air to become mixed with the blood, and then repeats the process.
These alternate procedures of compressing the chest and then relieving it and pausing for three seconds are continued rhythmically until the patient begins to breathe himself. The movements are performed at the rate of about 12 to 14 times per minute.
It takes about a second before the air is all out, and a second for it to enter. The three seconds pause makes it a total of five seconds for the complete cycle. The hands should remain in the proper position upon the back of the victim after the pressure has been removed, but no weight should be placed upon them.
The rescuer swings his body backward and forward with the least possible exertion, and thus is able to keep up the movement for a long time without undue fatigue.
Keep at It.
It may be necessary to perform artificial respiration for several hours and even longer. In rare instances it has been kept up more or less continually for several days. In any event, it should be tried for at least an hour and a half. A good rule is that artificial respiration in suffocation cases should be performed until it is apparently certain that the individual is dead, and even then continued for an hour and a half longer rather than fail to do everything possible to restore consciousness. Many persons who were apparently lifeless have been finally restored by long-continued efforts.
When the air enters and leaves the chest it makes a very audible sound in passing through the paralyzed throat. If this sound is not heard it may be inferred that the method is not being properly applied.
When the victim begins to breathe voluntarily in a regular manner he should be turned on his back and suitable measures toward keeping him warm applied. Later on when he is conscious and can swallow, stimulants are administered, such as hot black coffee or aromatic spirits of ammonia. The limbs should be vigorously rubbed toward the heart to assist in restoring the circulation and bringing up the body warmth. If vomiting occurs, turn the head to one side so that the ejected matter will run out of the mouth and not flow back into the lungs. When breathing is fully established and the general condition good, the patient should be put to bed and warmly covered. If he is cold, heat should be applied. Care should be taken to see that he has plenty of fresh air always.
After natural breathing begins the patient must be carefully watched because it may fail and artificial respiration again be necessary.
At all events, send for a doctor, but do not wait for his arrival before starting artificial respiration. This should be begun immediately, as a few moments' delay may mean the loss of a life.

OUR BED-TIME STORY
FOR TINY TIMES-DEMOCRAT FOLKS
When their stay in London was over the airplane whisked the children over to Liverpool, the great English seaport where thousands upon thousands of American soldiers were landed during the war and hundreds of ships each year in peace time unload goods sent to England from America and other countries. There were miles and miles of docks and mountains of goods. Jack and Jane wondered how everything was handled without all being mixed up and sent to the wrong place.
There were steamers from all parts of the world lying along the docks, too. Captain Brave pointed out boats that had come in from Australia, South America, Canada, Italy and other places.
From here the plane carried them to Wales.
"Wales is a great mining country, where millions of tons of coal for use in England, are cut out of the ground each year," said Captain Brave. "If you little folk care anything about it we can go into one of the mines."
Jack and Jane said they would like to go—"If you and Ladydear go with us," added Jane.
So landing at one of the great mines, Captain Brave arranged with the superintendent to allow them to go down into one of the mines.
Not very many children have been in a mine so I'll tell you what happened to Jane and Jack.
First of all caps were fitted to their heads and little oil lamps were fastened to the caps.
"These are to furnish the light when we get far into the mines," said the man sent along to guide them.
Next everybody climbed into a real small elevator which lowered them what seemed miles down into the ground. Tiny electric lights were strung along the side of the hole down which they fairly dropped. Jack was afraid they would land on the bottom with a horrible thump. But they didn't.
Finally the little elevator stopped and all stepped out into a wide passageway.
Along the passageway ran a tiny railroad track. A train of dumpy little cars filled with coal went past them as they walked along the passage. A blinky-eyed donkey pulled the train. A young fellow, covered with coal dust until he looked like a negro, was driving the donkey and riding on the first car.
The guide told the children and their friends that this coal was hauled from rooms several hundred feet away to the elevators and then lifted out of the ground.
Jack wondered how anyone could work all day under the ground the way the miners did without seeing any sunlight or even daylight. The air didn't smell good, either.
The children were taken only a short way—to where a group of men were beginning to dig a new passageway through the coal. The guide told them that they couldn't go further without going into what he called "looks" where they would be forced to breathe air pumped in from outside and where they might be in danger from gas which leaked out of the ground sometimes.
I guess we'll have to leave the children in the mine until tomorrow, as I haven't time to tell you any more today.

NATIONAL Paramount Arcraft WEEK

You may not fully understand what Paramount-Arcraft Week means from the written explanation, but you surely will WHEN YOU SEE THE STORY THAT THE SCREEN TELLS during Paramount-Arcraft week.
STARTS NEXT SUNDAY

The "Bread Line"
You see it every day at every good grocer's in town. It's a line of wise customers calling for Butter-Nut Bread. They've learned by experience that Butter-Nut, crisp, flaky, delicious, is the one bread that every member of the family likes.
The NEW BUTTER-NUT BREAD
is the climax of years of bread-making, supplemented by a special mixing process which cost us thousands to perfect.
Why not try a loaf today and let your family judge it?
All good grocers have it—but look at the label to be sure it's the genuine.

YOUNG MAN VICTIM OF TYPHOID FEVER

WAPAKONETA, Aug. 28.—With a constitution weakened by two attacks of influenza during last winter and spring, August Conrad Ruck fell an easy prey to typhoid fever, Tuesday afternoon, August 26, at 2:30, at the home of his father, Jacob Ruck, about one mile west of Fryburg.

Recently he assisted with the moving of the household goods of Wm. Sammetinger of near Fryburg to a new location at the corner of Water and Pearl streets in Wapakoneta. After drinking water from an open well that had become stagnated from disuse, about ten days ago, he together with Isador Ruck and two daughters of the Sammetinger family, became ill of typhoid.

Harry Shannon, Jr., a member of the Shannon Stock Co., injured Tuesday at the Shannon residence property on West Anglaize street, crushed between a Ford auto and a heavy truck, will very likely be confined to his bed for several weeks, his physician states.

Carl Kaster, an employee at the plant of the Wapakoneta Wheel Co., who came to this city recently from Aurora, Ind., suffered severe injuries at the plant Wednesday morning, when his sleeve was caught by the rapidly revolving tool in a boring machine, and his left arm was drawn into the machine.

His clothing held so firmly that before he could be released the flesh of his arm was horribly mangled.

Miss Edith Sammetinger who was taken ill about ten days ago, with typhoid fever, was reported Wednesday morning, as having passed the danger point and will recover rapidly, provided no complications set in. Her sister, Miss Clara Sammetinger, also ill of typhoid, is still in a precarious condition, but hopes are entertained for her recovery.

With only ten days in which to file their declarations of candidacy, clerk of the board of deputy state supervisors of elections, Oscar Langhorst, announced Wednesday that very few aspirants for offices as township trustees of Auglaize county have filed their names.

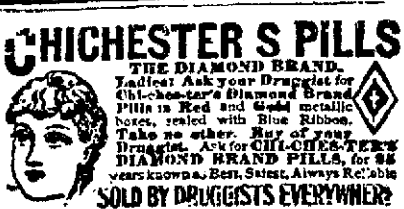

PUTNAM COUNTY BUDGET OF NEWS

OTTAWA, August 28.—Of the 28 indictments returned by the grand jury the following have been made public: Katherine Kohl, Columbus Grove, assault and battery, pleaded not guilty; trial next week. Fred Narkter, Ottawa, same, trial next week. Otto and Clayton Ritter, for disturbing a religious meeting, "not guilty." Trial next week. Walter Sprout Paulding Co., auto thief, "Guilty." Sentenced from one to seven years in penitentiary. Taken this week. Hy Wank, Leipsie, assault and battery. "Not Guilty," trial this week.

The Dunlap family reunion will be held at Rushmore, Thursday.

Miss Rose Pffirman, Defiance, teacher in the Ottawa high school, resigned to accept a similar position at Defiance.

The Victory picnic, held Thursday, was a marked success. The following were prize winners: Barney Goetze, horse race, one-half mile, heat. Fred Stauffer, second race, horse hitched to buggy. 3:1½. Fall game, Kalida vs. New Cleveland, Kalida. Close game. Mr. and Mrs. Hy Meyers, oldest married couple. David Beckman, 88, oldest pioneer citizen. Lived in the county 75 years. Mr. and Mrs. W. G. Mullett, oldest married couple. Next year will be the 100th anniversary of the organization of the county. Elaborate preparation will be made for the big celebration. Hon. G. A. Stauffer was the speaker of the day. He told of being on North High street Columbus the latter part of May or first of June, in company with the chairman of the Putnam County Victory Pioneer Picnic, Herman Recker, of Glandorf, and others from

Ottawa township, when a newsboy cried, "The Hindenberg line is broken." Mr. Recker turned to the lad and said, "That's nothing! Germany has heard from Glandorf!" Glandorf is a little village 1½ miles west of here, settled in an early day by Germans. They have proven themselves loyal American citizens. Mr. Staffer related a story of Mr. and Mrs. H. Geyer, bride and groom married in the early days in Kalida, going to their new home in Columbus Grove horseback, when the horse stuck in the mud, throwing its passengers. The only way they could go on was for the young man to ride the horse, his bride holding to its tail.

WILL PAVE SOUTH MAIN AT DELPHOS

DELPHOS, August 28.—South Main street will be paved to a width of 30 feet from the Pennsylvania railroad to Clime street if no change is made in the present plans. Twenty-five residents of this street attended a meeting held in the mayor's court room Tuesday evening and voted in favor of this width for the paving.

There was some discussion of making the width 24 feet, but it was felt by the majority present that this width would not be sufficient to accommodate the large amount of traffic which passes over this street.

The annual institute for the Catholic parochial schools in the diocese of Toledo is being held in the Ursuline auditorium at Toledo this week. Eight of the sisters who will teach in the parochial school here this year are in attendance.

The institute is being conducted by Bishop Schrombs and Dr. George Johnson, who will probably be diocesan director for the parochial schools of the Toledo diocese.

Willis R. Jenkins, Delphos agent for the Prudential Life Insurance company for the past two years, has resigned this position and taken the agency for the National Life Insurance Company of Vermont. In his new position he will have charge of Van Wert and Putnam counties as well as the western part of Allen county.

H. W. Brunell, formerly manager of the local plant of the Northwestern Ohio Light company, suffered serious injury in an automobile accident and has been confined to St. John's hospital in St. Louis for the past two weeks as a result, according to information conveyed in a letter from him received by Mayor George N. Leasure.

Mr. Brunell is now traveling field manager for the Wagner Electric company, of St. Louis.

Funeral services for Mrs. Anna McRedmond, who passed away at the home of her daughter, Mrs. John Risk, on Monday morning, will be held from St. John's church, Thursday morning at 9 o'clock. Burial will be in St. John's cemetery.

FATALLY SHOTS NEIGHBOR
PORTSMOUTH, Aug. 28.—Following a quarrel over a set of harness, Joseph Jenkins shot and probably fatally wounded a neighboring farmer, John J. Jackson, near Elmbrick, Ohio, last night. The shooting took place just across the Scioto county and the gun user was placed in the jail at Jackson.

"BAYER CROSS" ON GENUINE ASPIRIN

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Always buy an unbroken Bayer package which contains proper directions to safely relieve Headache, Toothache, Earache, Neuralgia, Colds and pain. Handy tin boxes of 12 tablets cost but a few cents at drug stores—larger packages also. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylic acid.

The price of flour like that of all other articles is high, but a comparison of its food values with cost will prove there is nothing purchased for the table as cheaply.

PRETTY PARTY

One of the prettiest and most delightful parties for many a day, was the luncheon bridge of Wednesday, when Miss Mary Katherine and Miss Martha Roby, of West Market street, invited friends in to meet their guest Miss Katherine Adams, of Chicago. Miss Adams has visited here other summers and consequently there were many present who merely renewed her acquaintance, while others were equally charmed with the delightful house guest.

Aside from being so thoroughly enjoyable, it was so pleasantly informal, and together with the dainty decorations of Dutch blue and white, it was a decidedly successful party. Following the luncheon, which was faultlessly served by the Misses Martha and Annette Roby, the guests enjoyed bridge.

Those present were: Misses Florence Price, Margaret Abrams, Fawn Parent, Nellie Higley, Helen Basinger, Martha Andrews, Rowena Kahle, Ruth Hamilton, Margaret Graham, Gertrude Boose, Margalene Stolzenbach, Josephine Sherwood, Betty Frasch of Indianapolis, Mary Parmenter, Violet Bradley, Hilda Leota, Katherine Greenslade, Elsie Weixelbaum and Mesdames Seward Polson, Karl Renz, Steen Sorrensen, W. B. Van Note, Grace Enck and Roy Banta.

ANNOUNCEMENT PARTY

Miss Ada Ransbottom, of West Elm street, Wednesday evening announced her engagement to Glen B. Ferrall, of Billings, Montana, at a handsomely appointed four course dinner at her home to which were invited her closest friends. It was an elaborate party, the color scheme in the table decorations being pink and blue, very cleverly carried out. The centerpiece was of pink sweet peas with large bows of blue tulle adorning either end of the oblong piece. The wedding will be an event of September but as yet no date has been set.

Those present to enjoy the delightful evening were, Mrs. Selma McCortney, Mrs. Doris Baynes, Mrs. Una Orwig, of Toledo; Mrs. Charles Hagaman, Mrs. Frank Hagaman, Mrs. Vera Renolds, Mrs. Clay Cotterman, Miss Frances Hagaman, Miss Geraldine and Miss Pauline English, Miss Betty Schick, Miss Verla Perkins, Miss Lenore Snow, Miss Lewis Lewis and Miss Ransbottom.

QUETLY MARRIED

Wednesday at high noon occurred the marriage of Miss Lulu Weeks and Elmer Voss. The ceremony was performed at the home of the Reverend Otis Barker, pastor of the Oliver Presbyterian Church.

The simple ring ceremony was used, while the only witnesses of the service were the immediate members of both families.

The bride is a graduate of Lima High School and for the past six years has been a teacher in the Lima Public Schools. Mr. Voss is from Cincinnati and is employed as a fireman on the L. E. & W. Railroad.

After a few days in Chicago, Mr. and Mrs. Voss will be at home to their friends at the home of the bride's parents, at 610 South West street.

Mrs. E. H. Plannigan and children, of Erie avenue, Dr. and Mrs. Barrington, of North McDonald street, and Mr. and Mrs. E. C. Harrison, of Toledo, have returned to their homes after a very pleasant two weeks' stay at Orchard Island.

INFORMAL AFTERNOONS.

On Sunday the little afternoon parties scheduled for this winter will be begun at the Y. W. C. A. Club Center. These will be held so that the girls will become better acquainted, and also they will be most enjoyable. There will be music, of course, with singing, and just a general good time. There will be tea and chocolate, the menu to be varied each week. This Sunday the members of the Trotty Veck club will be hostesses and on each succeeding Sunday the members of a different club will have charge.

James Macdonel, of West Market street, will leave Sunday for Cambridge, Massachusetts, where he will resume his studies at Harvard the coming year.

A Chance to Live

CUTTING EXPENSES

The adversity which now bulked upon the horizon of the Carrolls affected each in a different way. Annie's optimistic eyes viewed any job at all a mercy and a reason for unmitigated rejoicing. Instantly her mind flew to the evolvment of ways and means of making Bernie's fourteen dollars do the work twenty-two dollars had done before.

The thought of redoubled endeavor acted upon her as a stimulus. She was eager to get at the tearing-down, building-up process. She was deeply concerned and anxious as to results. But she was not bowed over and rendered hopeless by a blow she regarded only as a blow, a temporary setback, something that hurt, but you could recover from. To Bernard the loss of his job, the distribut against "gambling" to which he had been treated by old man Simms on the day of dismissal (and of which he told Annie nothing), the difficulty of finding work and the humble job he had at length been forced to take, all tendered to his ears on him. Compared to Annie's Bernard's life had been an easy one. It had been no great struggle for him to get his little share of money. He had lived poorly, but he had lived.

There had been but the two of them. There has been none of the struggle for food and rent and shoes for active childless feet, and clothes for a quartet of backs that the Har-gans had known. Bernie had been just a shade spoiled. First by his affectionate grandmother, then by the sociable neighbors (most of New York's sociality is confined to New

Clay, of North Baxter street, were married at the home of the officiating minister, Rev. W. C. Spayde, at the parsonage on South Macdonald street. They were attended by Mr. and Mrs. Corwin Hanks. The single ring ceremony was used.

INVITATIONS ISSUED.

Invitations have been issued by the Strollers club for their formal dinner-dance to be given at the Country club, Wednesday, September 3, at 6:30 o'clock.

REUNION

The Nuzester and Dumm Reunion will be held Labor Day at the City Park.

PHILLIPS REUNION

The Phillips Reunion will be held next Thursday at Lafayette Park, Lafayette, Indiana.

Miss Loretta Henry has returned to St. Johns Hospital, Cleveland, after a two weeks vacation with her mother Mrs. Ella Henry, of North Jefferson street.

Warren Parmenter, who has been taking a special course at the University of Michigan, Ann Arbor, this summer, will return to the home of his parents, Mr. and Mrs. W. L. Parmenter, of West Market street, Saturday.

Mr. and Mrs. J. W. Shurbin, of Leroy, and Mrs. James Raymond Shurbin, of Valparaiso, are here en route to attend the Phillips reunion in Lafayette, Ind., next Thursday. They will join other relatives here and go on next week.

Mrs. J. E. Ralston, of Vincennes, Ind.; O. A. Kane and daughter, Marjorie, of Phoenix, Ariz., are visiting Mrs. Owen Kane, of South Central avenue.

Mr. and Mrs. Clayton M. Payne, of Leland avenue, have returned home from a week's stay in Chicago.

Miss Breta Carney, Miss Margaret and Miss Mary Hughes, and Miss Mary Callahan, are registered at the Breakers Hotel, Cedar Point, during Knights of Columbus annual outing.

Miss Helen and Miss Georgiana Robinson, have returned to their home in Deshler, after visiting their uncle and aunt, Mr. and Mrs. James Patterson, of West Spring street.

FAMILY REUNION

In honor of Corporal Harold Blair, who has returned from service over seas and for Mr. and Mrs. Louis Osman, and daughter Helen, of Haskell, Oklahoma, a family reunion was held Sunday at the home of Mr. and Mrs. A. J. Osman, five miles east of Lima on the Balfontaine Road.

Those present at the gathering, were: Mr. and Mrs. L. L. Osman, Mr. and Mrs. G. E. Osman, and Miss Della, Mrs. Ellen Bressler, Miss Carrie Bressler, Mr. and Mrs. Hernert Osman, Mr. and Mrs. Bert Blair, Mr. and Mrs. Alton Osman, Mr. and Mrs. Asa Osman, sons, Byron and Russell, Mr. and Mrs. Ralph Osman, daughter, Mildred, sons, Lee, Lester, Marion and Paul; George W. Osman and son, Melvin; Mrs. Laura Razor, son Emmett; James Atmure, Mrs. Ira Thomas, daughter, Mary; Mr. and Mrs. Jefferson Gray, daughter, Charity, and son, Bous; Mr. Harold Blair and daughter, May Imogene; Mr. and Mrs. H. Heffner, and son, Bert and Arthur; Mr. and Mrs. O. J. Overfield, Mr. and Mrs. Samuel Burden, Harry and Hazel Osman all of Lima and Mr. and Mrs. L. Foote of Cleveland.

MISS SIMPSON A BRIDE.

A quiet wedding of Monday afternoon was that of Miss Ruth Simpson, daughter of Mayor and Mrs. B. H. Simpson, of North Jameson avenue, to Earl Faudree, of Shawnee township. The ceremony was performed Monday at 3:00 o'clock at the parsonage of the Reverend Franklin, pastor of the South Side Church of Christ, the single ring service being used. They were attended by Mr. and Mrs. Binns Toy. Following the ceremony they went immediately to their country home in Shawnee township, where the bridegroom is a well-known farmer.

BREAKFAST.

Miss Margaret Abrams, of South Collett street, is entertaining with a breakfast at her home complimenting Miss Josephine Sherwood, Friday morning.

Mrs. Kent W. Hughes and children, Helen and Morris, of Lakewood avenue, are home from a very pleasant weekend spent at Clear Lake, Ind.

Miss Mary Fair, of Rockford, has been visiting her uncle, R. R. Truhy, and Dr. and Mrs. W. W. Beauchamp, of North Metcalf street.

In order not to interfere with the breakfast which Miss Mary Parmenter is giving for Miss Josephine Sherwood, Mrs. Guy Coppess, of West Market street, has changed her luncheon invitation of Saturday to a dinner she will give at the Elks club. Miss Parmenter's breakfast will be at the Country club.

Willard Lindesmith, of Toledo, who has been a guest at the E. F. Sayers home on North Charles street returned to his home Thursday.

Mr. and Mrs. Albert W. Stump are now taking their belated wedding trip on the lakes. They were married a few days before Mr. Stump sailed for overseas where he was engaged in the battles of St. Mihiel, Argonne, Sedan and in the St. Ives sector. He was formerly employed at the Deisel-Wemmer factory.

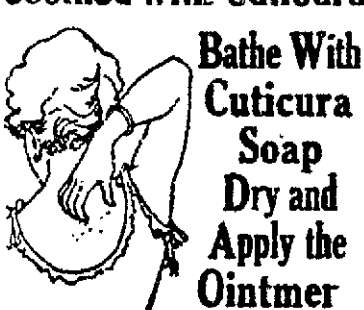

Mrs. Brunner and family, of Chillicothe, have moved to Lima where they are living with Mrs. Brunner's sister, Mrs. B. Wohlgemuth, of South Cole street.

Miss Georgiana Ritzer, of Toledo, who has been a guest of Mrs. Carolyn Ashton, of South Pierce street, motored to her home Thursday. She was accompanied by Mrs. J. F. Cover, and J. Franklin Cover, of North Washington street.

Mr. and Mrs. T. W. Walters, of West Spring street, are entertaining Mrs. Carrie Walters and son, Carl, of Plain City, Ohio, for a few days.

Mrs. W. Murray Abbott, and daughter, Rosemary Dillon, of Dayton, are the guests of Mr. and Mrs. T. A. Collins, of West McKibben street, and Mr. and Mrs. Clint T. Sealts, of West Market street. Mr. Abbot will join them for the week-end.

XXI—FLYING COLORS.

I gave thanks for John Manning's thoughtfulness when we arrived at my hotel, for I stepped from the Lamar car just as Paul descended from a taxicab.

"I hope you escaped the storm, Nell, he said as he joined me. "I phoned Fan to ask if you and Captain Frazier had gone home with her after polo, but she said she had wearied long before the game was over and left you with a merry party."

Good old Fan! She must have de-vined the situation somehow and covered me nobly, which, considering that I had annexed her particular cavalier, was rather sporting of Fan, I thought.

"We had tea with the Lamars and their sister-in-law and John Manning, and oh dear, I don't know who else. The Lamars brought me home."

"The Franklin Lamars?" asked Paul.

"Yes, why?" I asked. "I know him quite well. He is going to lunch with me tomorrow. What did you say, dear?"

"I said 'darn,' I replied quickly to cover my consternation. "I caught my heel in the hem of my frock."

It seemed that I always left a loose thread to unravel somewhere 'n my otherwise perfect alibis. I was reflecting bitterly when Paul opened the door of our suite and I stepped into a veritable bower of spring flowers.

"I've felt like a brute all day, Nell," Paul said as he came to slip his arm around me," so I had these sent up to try to square myself. You remind me of a flower, you lovely, soft, fragrant thing!"

I felt a momentary pang of conscience as I remembered that less than an hour before I had been listening to the voice of Dick Frazier, enveloped in his glance as though I were held captive in his arms. I have always measured my development by the charms of my conscience's rebuke. Whenever I have felt myself becoming callous, I have cast out all the false gods, gone into a sort of spiritual retreat with good books, inspiring companions, a new religion. They're on I emerge with a new set of enthusiasms, a spiritual phoenix risen from its own ashes and profiting not at all by past experiences. There is nothing so unattractive to a man as a hard woman.

"I'd really forgotten our dinner."

WHAT IS THE SECRET OF THIS MEDICINE'S WONDERFUL POWER

Hundreds of Men and Women Say They Are Amazed At Its Wonderful Effects On Disorders of the Stomach, Kidneys, Liver, Bowels and Blood. How does it Wipe Out Disease.

"It Burned Like Fire" Says James Oden, "For Years I Have Had a Bad Case of Kidney and Bladder Trouble," Says C. L. Matlick. Hundreds of Others Who Tossed About on Beds of Pain Are Now Well.

MARVELOUS BANISHMENT OF PAIN AND DISEASE.

If you have suffered agonies from rheumatism and neuralgia during the past months; if dyspepsia has gnawed at your vitals and tortured you from day to day; if kidney and liver troubles threaten to end your life; if poisoned and impure blood has shown its effect in boils, pimples and skin eruptions; if sleeplessness and nervousness have made you miserable and despondent; if headaches, sideaches and backaches give warning of approaching disorders; if constipation, rheumatism or stomach disorders have you in their grasp; if where you go, in homes, offices, you have tried everything under the sun to find relief and have failed, places you are almost sure to hear don't you think it is time you gave some one tell of the wonderful relief a chance to lift you out of the slough of misery and set you again on the path of perfect health and the full enjoyment of life, which is every man and woman's God-given right?

READ THIS REMARKABLE STORY

The hundreds of friends of C. L. Matlick, the popular E. & O. conductor residing at 73 Goethe street, Cumberland were recently surprised to see him appear without his cane. For many years Mr. Matlick was badly crippled with kidney and bladder trouble and could not get about without his cane. Judge then of the great astonishment of his many acquaintances to see him suddenly come out looking the very picture of health and walking as upright as any of them.

I WAS SO BADLY BLOATED I HAD TO LET OUT MY BELT

O. E. Barrow, the popular resident of Ridgeley who is connected with the staff of the Maryland & West Virginia Gas company has come forward with an interesting statement which he makes for the benefit of other men and women who may be suffering the way he was. Loss of appetite, nervousness, dizzy spells, constipation, headaches and other troubles had him in their grasp for some time. "I was often so badly bloated up with sour gas," he says in his signed statement, "that I had to let out my belt." He took two bottles of Drecto, the wonderful new medical discovery that so many people in this section are praising so highly and now he says his troubles are gone. He is so enthusiastic over his relief that he is also sending his mother at Keyser a bottle of Drecto "because it helped me so much," he says. Drecto is not a cure-all. It is not a miracle-worker. But there are very often cases of organic disorders regulated the urine to normal. I am feeling fine and gladly recommend Drecto to all. I HAVE THROWN AWAY MY WALKING CANE."

No, it is not a miracle; just another case where science steps in to save a human being after all hope had been abandoned. Drecto is credited with hundreds of cases similar to the above. Cases where everything else had failed and this new medical discovery was tried as a last resort.

Mr. Stout, the well known Drecto expert has his quarters at Baldwin's Central Drug Store, to meet the local public and explain the merits of this great remedy. See him today.

humble man. It is a perfect invitation to deviltry.

"No, you're not forgiven," I denied gayly, "Don't think you're going to get off so easily. I have an inconveniently long memory and you shall pay tribute, s'r, for many a long day. By way of a start, you may take me to lunch tomorrow."

"But I'm taking Lamar tomorrow."

"Bother Lamar! Or better yet, bring him along."

"But we're going to talk business, sweetheart. You'll be awfully bored."

"I am never bored when I am with you," I insisted sweetly, and knew that my case was won.

My presence would forestall any remarks of Franklin Lamar apropos of the Wistaria Inn.

Fond Du Lac Will Play 2 Games Here

FOND DU LAC BALL TEAM TO PLAY TWO GAMES HERE

Wisconsin Aggregation Comes Here Well Recommended, And Its Roster Speaks for Itself—Will Play Sunday and Labor Day

(By JAMES F. BURBA.)

Realizing that in order to draw his share of the sports to the local baseball emporium Labor Day, when there will be exhibitions of various kinds held here, Manager Holloran has secured the strongest team without a doubt, come in for its share of spectators. They come here well touted, and according to newspaper clippings have been burning up the northern part of Illinois and the southern parts of Michigan and Wisconsin.

The team will arrive here either Saturday night or early Sunday morning, and will play here Sunday and Labor Day.

The very poor showing made here recently by highly touted teams make us a little leery of boosting aggregations too highly, but all reports being true, the fans will not be disappointed with the brand of ball staged by the Wisconsin outfit, which is under the management of Jack O'Connell.

At all events, after looking over the team's roster, and hunting up a few records we find they have an aggregation of boys who are well known in baseball circles, and who have excellent records.

This boy, Ryan, who will probably work in the box for the Fond du Lac Sunday, has for the past two years been traveling at a good club.

and it is his own fault that he is still playing bush league ball. Last year while in service he twirled for the Great Lakes Naval Training Station.

Ryan has had several offers in the past two seasons from teams in the American association, but like every one, he has ambitions of his own and they do not lead to being a professional ball player. This lad has been coached in the box by Red Faber, one time premier twirler of the White Sox, and Red Murray, of St. Louis.

The Fond du Lac outfit has a first secker by the name of Schenck (we don't know, try it yourself), who has just been released from service. Last year he taught part of the population of France how to pasture. Lange, who is short for the Wisconsin team, has been offered a chance with an American association team, but like Ryan, has aspirations of his own.

The keystone rock will be covered by Manowski. (No this is not a Russian outfit.) Linden will take care of the third hill, while Finner will back him up out in left garden. Thomas will cavort around the center daisy patch, and Witt will set action in the sunfield. Two lads, one named Maye and the other Murray, will tag along as receivers. Linden will probably pitch the Labor Day game for the "Fondvics."

Now, if O'Connell's gang does not stage an exhibition fully up to the expectations of all fans then it is not the fault of the local management, and we haven't an alibi.

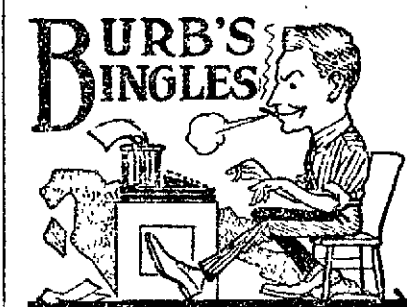

Youthful Golf Champion and Runner-Up

Robert T. Jones, 21.

S. Davidson Herron.

By his fine victory, over Robert T. Jones, 21, of Atlanta, whom he defeated 5 up and 4 to play, S. Davidson Herron, the 22-year old representative of the Oakmont Country club, became national amateur golf champion of the United States. Herron won the title on his home course at Pittsburg after playing a brand of golf in the last 18 holes that would have discouraged the best-tried of veterans. Bobby Jones is only 17.

I. COMPLETE EVENTS TO BE RACED TODAY

Races at Readville Commence at 12:30 In Order that Events of Yesterday May Be Raced

The Reds had nothing else to do yesterday so they showed some iron workers how to play the national game.

In the meanwhile the Giants whipped the lowly Phils.

We can hear Muggsy laugh plumb into Lima.

However, Moran's laugh comes at the end of the present season.

What was it the old bimbo said about laughing last and best?

The White Sox are counting their chickens now.

They have just traded Dave Davenport for Roy Wilkinson, of the Columbus nine.

Saith the Sage of Hawk Creek: "It's my opinion, half the world are squires and the other half are sport writers."

The Indians walloped the Tigers and climbed right over their heads.

Now watch the wild dreams about a world's series being played between the two Ohio cities' teams.

A vast gathering was on hand yesterday at the Readville track to show its appreciation of Walter Cox.

Well, for the first time this season Lima will have auto races Labor Day.

We had begun to think auto races in Lima were listed among the lost arts.

CHICAGO WHITE SOX GET ROY WILKINSON

Windy City Aggregation is Surely Preparing for the World's Series — Tigers Are After New Catcher

COLUMBUS, August 28.—Indications that the Chicago White Sox are preparing for the world series is shown by the deals under way for new pitching material. This week Manager "Joe" Tinker, of the Columbus American association club, traded his star flinger, Roy Wilkinson, to Comiskey for Dave Danforth, once a brilliant planet with the Louisville team, and another player. It is estimated that cash also cut some figure in the deal. Wilkinson was the most successful twirler on the local staff, and competent judges assert that he will continue his successes in the major leagues.

AFTER CATCHER. CHILLICOTHE, O., August 28.—The Detroit American league team is negotiating with Harold Curry, catcher for a factory club in this city, and former high school star athlete. The major league club scout, Billy Doyle, was here to observe Curry's playing and to have a talk with him about next season.

WHEN DOUGLAS QUIT HE WRECKED HOPE OF GIANTS

Shufflin' Phil Always Has Been an Eccentric Citizen; Like the Famous Old Rube Waddell, You Could Never Tell What He'd Do Next.

NEW YORK, Aug. 28.—The untimely defection of Phil Douglas, upon whom John McGraw was counting in the ultimate dash down the home stretch caps the melancholy climax for the Giants and practically wrecks whatever lingering chance they carried for the title.

Furthermore it gives McGraw's critics an opportunity to assert he was evicted in the deal by which he gave Davey Robertson for the big pitcher. It is assumed Fred Mitchell must have known when he traded Douglas whether or not Shufflin' Phil still was given to pastime along the pinebox trail.

But certainly McGraw is not to blame for Douglas' latest outbreak. The Giant leader gave him every opportunity to make good in New York and if Douglas had grasped the chance instead of booting it he doubtless would have been a fixture with the club next season. Now, however, he has been placed on the ineligible list and will be lucky indeed to get off it.

That Douglas should have thrown down McGraw and his team mates at a time when every member of the club is fighting tooth and nail to keep the pennant race is to be regretted.

Although the Giants have fallen under hostile bombardment and have only a remote chance for the flag, the morale of the club is unshaken.

Never has the team shown better spirit than today with the route black with disappointment. Fletcher has played every day with a lame leg—an occasional display of shrewd grit. Fred Toney has responded when called upon despite illness of more than a month. But Douglas was the weak link and here came the break.

The case of Douglas is no state secret in ballroom. This is not the first time he has troicked along the guided course. Cincinnati knew him as a member of the Reds as one of its most eccentric citizens. Brooklyn, too, found him in the hot water of more than one jam. Chicago, too, had cause for complaint although it is a matter of record that Douglas had settled down somewhat when he joined the Cubs for a time he pitched his so-called head off for Fred Mitchell.

When Shufflin' Phil joined the Giants he asserted he intended to put forth every effort to help McGraw land a pennant. He declared it had long been his ambition to play with a championship club and requested McGraw to pitch him as frequently as possible. He did well enough when called upon, but showed nothing over which fandom could be enthusiastic.

Last Friday when the Giants took the field Douglas was missing. McGraw scoured the dressing room and

LOCAL DRIVERS WILL COMPETE LABOR DAY

Several Lima Auto Race Drivers Have Entered Their Names In the Holiday Speed Events

(By JAMES F. BURBA.)

All reports being true there will be at least a half-dozen local auto race drivers who will compete with some of the best pilots in the state at the automobile races to be staged at the Lima Driving Park, Labor Day.

It is understood, Erb Rudy's "Lightning Comet" is being overhauled and it will be piloted by one of the classiest drivers that was ever bitten by the speed bug. All efforts to secure Rudy to drive his car have proved futile.

It would be a big boost to the races if Rudy could be persuaded to pilot a car, for he is one of the headiest and cleanest drivers that ever sat behind the wheel of a racing car. He is a favorite of the local fans and has the first time yet to appear upon

a track that the fans were not for him unanmously. However, Erb's has promised to lay off of auto races, and you can bet he is going to keep that promise.

If a worthy pilot can be secured for this Lightning Comet, it will prove a contender worth mentioning and while no names have been made public, it is understood, a driver worthy of the name has been secured.

Earnie Rhodes, who pilots a Buick has entered his name in the speed events, and promises to do some sensational driving. Naturally, he has a lot of salve to spread about his car, but he is willing to wager he says, there is nothing in this town that can touch him on a half-mile circle. We shall see, we shall see.

Probably the most nervy pilot to be seen in action here will be Joe Fielding. If our memory serves us right this lad drove a car on the local track about two seasons ago, and ran his way right into the hearts of the fans. Fielding is the kind of a driver who likes to take a chance for the sake of a thrill.

This lad, driving a Mystery car, was pitted against Ruth Law who handled her airplane in Toledo, August 23. Fielding made his mile there in 51 1-2 seconds, and you know that's pretty good time on a half-mile dirt track.

Efforts are now being made to secure a few more well known drivers, and it is probable before midnight tonight the names of two more pilots of national reputation will be added to the list.

SOX AFTER ONE.

ATHENS, O., August 28.—Brandon Grover, widely known in college athletic circles as a star at the Ohio university in baseball, basketball and football, is being negotiated with by the Boston Red Sox for the coming year. Grover this summer is playing with a semi-professional team in Akron as third baseman, and is getting a terrific pace with the bat, securing 23 hits in 67 times at the plate for 62 bases. Grover will act as assistant football coach this year, and will not report to Boston, if signed, before next spring.

PRINCE ALBERT

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pike with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Topsy red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidors with sponge moistener top that keeps the tobacco in such perfect condition.

DARKNESS TO DISAPPEAR ON LIMA STREETS

O. E. LINEMEN GO BACK TO WORK ON CITY LINES TODAY

Agreement Reached With Resident Manager Dugan and Strike is Off

LIGHTS COME FIRST

Half to Two-Thirds Will Burn Tonight if Plan Carried Out

Lima, which for the past two months has resembled a subterranean cavern, so far as lights were concerned, will once more have its streets properly lighted, as the striking linemen of the Ohio Electric Railway Company, picked up their tools today at noon and resumed work. The men walked out July 7 last, and since that time no repairs have been made on the lines.

The lights were soon afterwards out of commission, and for nearly two months citizens have groped their way about in the dark. For the first week, the company endeavored to furnish lights. However, a few nights after the strike had been called, there were discovered four lights had been dropped to the ground. This was very dangerous, for had an automobile run into these wires it would have in all probability electrocuted all occupants.

As a result of this, officials of the company declared that all lights should be extinguished until after a settlement had been effected or until the city would furnish adequate protection, and insure the company against liability in the event that a citizen was injured.

Confer With Dugan

The linemen went into conference with Resident Manager Dugan early yesterday morning, but for reasons not revealed the meeting was kept a secret. It was adjourned about 1 o'clock. And another session was entered into last night. A vote upon the matter was then taken, and shortly after 9 o'clock employees notified Dugan they had accepted the last offer of the company's.

However, there was a hitch in the proceedings as several of the linemen declared they would not return to work until Newark and Zanesville employees were satisfied. As there were only one or two linemen in these cities who were not in favor of returning to work, many local employees stated they were not willing to remain away from their jobs for the sake of those few.

Return at Noon

As a result of this determination a number of the linemen went to the barn this morning and prepared their cars prior to their start to work. Shortly after 12 o'clock this morning, Dugan was notified the men would return to their respective jobs at noon today, providing the Newark and Zanesville trouble will be straightened in the very near future.

Mr. Dugan stated with the men will place at work all the local linemen, he said, before dark there will be one-half or two-thirds of the lights in Lima ready to burn. Tomorrow the remainder will be repaired, and by tomorrow night the city will have recovered from the effects of the strike.

The linemen will then be put upon repairs of the lines throughout the system, Dugan stated.

Increase Granted

The men were granted an increase of approximately 35 per cent. While this is not the amount asked for by the workmen, they are satisfied with the offer as has been displayed. Journeymen linemen will receive \$2.12 per hour, while their helpers will get pay ranging from 25 cents per hour to 50 cents per hour. Foremen will receive 55 cents per hour.

NOTICE TO DEMOCRATIC ELECTORS OF BATH TOWNSHIP.

JAIL TRAIN RIDERS

Charged with train riding, Gordon L. Doyle, 22, Birmingham, Ala., Harry Jones, 22, Montgomery, Ala., and T. C. Bolch, 21, Afton, Okla., were arraigned in Justice Hamilton's court this morning. After pleading guilty each was fined \$1 and costs. They were taken to the county jail in default of their fines.

MAGINN BECOMES MOTIVE POWER SUPT ON THE LAKE ERIE

Of interest to many Limaites is the news that J. J. Maginn, master mechanic of the Cincinnati Northern shops with headquarters at Van Wert has resigned his position to take effect September 1, and comes to Lima to succeed the late George J. Buley as superintendent of motive power of the Lake Erie and Western railroad. Mr. Maginn will assume his new office on next Monday and will have his permanent headquarters in this city.

Mr. Maginn is well known in Lima, and the new position is in the way of a promotion being one of the highest in the mechanical department of the railroad business. He has served for the past seven years as master mechanic of the Cincinnati Northern and in that period the shops have grown extensively. Mr. Maginn has also resigned as safety director of Van Wert, which position he has held for some time.

CURB MARKET IS SUCCESS AGAIN

Lima's third curb market, held this morning, like the two previous was a success in every sense of the word. While the market was unexpected by the majority of citizens, it was not opened very long until the news reached all interested.

Vegetables and other foodstuffs were sold at practically the same prices as they were on the two previous market days. This morning's market, however, was made conspicuous by the fact that it was flooded with cantaloupes and watermelons which were being sold very reasonably.

The market to be held this coming Saturday is expected to be the largest yet held. At this one it is anticipated farmers will bring in hundreds of pounds of meat to sell.

LIMA BONDS ARE BEING REDEEMED

Lima's bonded indebtedness will be decreased \$26,500 this afternoon as the Sinking Fund which will hold its regular meeting at 4 o'clock, are going to take care of that amount of bonds and interest which are due September 1, according to a statement given out today by City Auditor Raper.

It is also likely, he said, the Sinking Fund will purchase the \$6,500 worth of water main bonds. These are the installation of water mains on Oak, Charles and Union streets, and Grand avenue.

At this afternoon's meeting the body will also receive bids from local banks and trusts companies who desire to act as the Sinking Fund depository for the ensuing three years.

LIMA SHOPMEN ARE WAITING VOTE WORK

Just whether or not Lima shopmen will strike September 2, is not definitely known, it was stated today, but indications throughout the country are to the effect that shopmen will not vote favorably upon the compromise. The local union, it is understood, will be governed solely by the majority.

The compromise which will be voted upon is expected to arrive in Lima daily, and there will be no time lost, union heads state. Just as soon as the paper arrives a meeting will be called and the compromise will be decided so far as Lima workmen are concerned.

Officials of the telephone company this afternoon stated, they will hold a conference with the striking employees late this afternoon in an effort to reach a settlement. Officials seem very hopeful that a satisfactory settlement will be effected. Just what move will be made at the conference was not stated.

JUDGMENT CONFESSED
Fred Hall, this afternoon in common pleas court, confessed judgment in the sum of \$500 to the Lima Oldsmobile Company, alleged to be due on a note.

Y. M. C. A. PROGRAM FOR LABOR DAY IS AN ATTRACTIVE ONE

Afternoon and Evening at Faurdt Park to Be Full of Stunts

ALL AGES INVITED

Music, Athletic Contests, Baseball and Picnic Dinner at 5:30 Evening

The industrial committee of the industries of Lima have arranged a big program for Labor Day at Faurdt park.

The Liberty Band will furnish sweet music for everybody, during the afternoon and in the evening will assist in a big sing by all.

During the afternoon, beginning at 2 o'clock the following field day program will be put on:

For men and boys—Wheelbarrow races, relay races, three-legged races, sack races, tug-o-war, blind man's trail, push ball, indoor baseball, clothespin races, horseshoe pitching.

For the ladies—Ball throwing, rolling-pin throwing, nail driving, wheelbarrow races, egg races, indoor ball game.

For the children—Watermelon eating contest, pop bowling and many other stunts.

The program committee consists of R. Stansburg, chairman; G. H. Isenbarger, Willard Gramm, R. C. Coffman and P. H. Pyle.

The children's stunts will be in charge of G. H. Isenbarger and a corps of assistants who know what the kiddies like, and they assure everybody of a good time. All-day suckers galore, as prizes for the kiddies, will be on hand in large quantities, so, prizes for stunts will not be lacking.

Free lemonade, barrels of it, will be served, paper drinking cups making it sanitary for everybody.

All of Lima is invited. A basket picnic will be the feature of the day. At 5:30 everybody is expected to eat, and after that, as soon as practical, a general sing will be put on under competent leadership.

The object of the day's program is to get industrial men and their families together, have a good time, get acquainted with each other, promote good fellowship.

One of the big events will be the playing of four games of indoor baseball at the same time, which will accommodate over a hundred men and boys in playing at the same time.

WIFE ASKS DIVORCE

Charging gross neglect of duty and extreme cruelty, Ann Koontz, this afternoon in common pleas court, filed suit for divorce from William H. Koontz. She avers, he has failed to provide for her upon numerous occasions. She asks her maiden name, Ann Koontz be restored to her. The couple were married December 24, 1917.

European Plan Gets Pair Into Hands of Law

Lucy Deineff, 18, and Peter Petroff, 26, both of 121 East Second street, recently decided to elope, notwithstanding the fact that Lucy was already the wife of Vallas Deineff. However, before leaving, police say, they took a ring belonging to the husband to help defray expenses.

They eloped to Toledo, and there they were married. Petroff to substantiate his statement produced the marriage license, when the couple were arraigned in police court to answer a charge of larceny. The girl then stated she thought it would be alright if she has two husbands as they do that in the old country.

The man and woman were bound over to the grand jury under \$150 bonds. Vassal declares he is going to Toledo and swear out a warrant against his wife charging her with bigamy.

LIMA TEACHERS TO GET A 20 PERCENT SALARY INCREASE

At a special meeting of the Lima board of education held Thursday morning, by a unanimous vote, it was decided to give teachers an increase of 20 per cent in salary in place of the 10 per cent awarded at the June session. This was done without any demand being made by the instructors. The action was taken from a sense of justice to the teachers and to the schools, a member of the board stated after the session. It was understood, that when the 10 per cent raise was made that it would be doubled if the budget commission gave the schools a larger appropriation this year. The commission has not acted yet, but members of the board feel confident that it will be liberally dealt with. An increase in the valuation of property next year is looked upon as a possible source of funds.

The fact that the cost of living has kept up and that Lima teachers are being offered inducements elsewhere are among the reasons given by the board for the action taken today.

Lima is not the only city that is wrestling with the school finance problem and something had to be done here to keep the local educational system moving along the line of progress followed in recent years. This is, briefly, the board's policy, which it expects will meet with merited public approval.

DEFER DITCH HEARING

The hearing of the Colucci ditch was postponed this morning by county commissioners. The date for the hearing is now set for September 12.

SUES ON NOTE

In common pleas court this afternoon, filed suit for \$6,551.46 with interest from August 1, 1918, against Howard Fenton and others. The amount is alleged due on a promissory note.

ASKS FOR DIVORCE.

Charging gross neglect of duty and extreme cruelty, C. Josephine Boyd has filed suit for divorce from Henry R. Boyd in common pleas court. The plaintiff avers Boyd has

failed to provide for her, and at times has cursed and sworn at her. She says in her petition he has followed her, and interfered with positions she has sought. She asks for

alimony and her maiden name of Josephine Phenix.
